

Remember the friend you could always call for late-night homework help?

He works for us now.

In the catalyst industry, the men and women of CRI are renowned problem solvers. Customers count on us to innovate when they need tailored solutions and to be there with expert support down the road. Whether you're in the market for ethylene oxide, styrene or environmental catalysts or for hydrogenation catalysts from Kataleuna, the people at CRI are always there with the right answers.
